LOOKING AFTER YOUR ENVIRONMENT

Scotchgard helps you look after your environment, through the creation of a protective barrier that helps repel liquids and blocks stains on all of your soft furnishings. It's an odourless application that can be applied to any fabric material.

Scotchgard Helps You Clean Stains & Spills More Easily

Because Scotchgard creates a protective barrier around the fibres of your carpet and upholstery, it makes cleaning stains and spills much, MUCH easier. Instead of the liquid instantly absorbing into the fibres, the Scotchgard protection barrier keeps it on the surface, so you can quickly and more effectively clean up any spills.
